So Now We Know Better

YOUR NEIGHBOR PAINTS A BLACK PICTURE OF THE TROUBLE YOU WILL HAVE INSTALLING STEEL EQUIPMENT. HE HAD TO SET IT ALL UP-BRACE IT BOTH WAYS-FROM CEILING AND FLOOR BEFORE HE DID ANY CEMENT WORK.
I DON'T WANT TO DISCOURAGE YOU BUT-
WHEN IT CAME TO DOING THE CEMENT WORK-HE HAD TO DODGE AROUND BOTH THE-
OOF!
-EQUIPMENT AND THE FOREST OF BRACES
YOU'VE READ THE DIRECTIONS CAREFULLY SO YOU GO AHEAD AND MAKE YOUR CONCRETE FLOOR BEFORE YOUR EQUIPMENT ARRIVES.
ALL YOUR CEMENT WORK IS DONE WITHOUT DANGER OF GETTING ANCHORS IN WRONG AND HAVING TO TEAR IT ALL OUT - BECAUSE THERE ARE NO ANCHORS TO BOTHER WITH.
YOU BRING IN YOUR STAR STALLS JUST AS THEY CAME TO YOU FROM THE FACTORY—ALL ASSEMBLED— AND CLAMP THEM TO THE CURB
AND BESIDES ALL THE TROUBLE IT CUTS OUT- THE STAR CURB CLAMP SAVES YOU FROM 50¢ TO $1.50 PER STALL IN THE COST OF INSTALLATION !!!
Exclusive Star Feature
ART LUND

Better Let George Do It

FOR THE 'UMPSTEENTH' TIME YOU CLEAR THE TABLE AND START TO FIGURE OUT THE NEW ARRANGEMENT FOR YOUR BARN.
WELL TOWSER- TO NIGHT'S TH' NIGHT WE SETTLE IT
STILL CHEWING YOUR PENCIL AND TRYING TO DECIDE WHERE TO START.
AT LAST YOU HAVE AN IDEA AND START TO DRAW.
BUT YOUR IDEAS DIDN'T WORK OUT JUST RIGHT SO YOU WRITE HUNT-HELM-FERRIS & CO.- AND TELL THEM ABOUT WHAT YOU HAVE IN MIND AND LET THEIR PLAN DEPT. WORK IT OUT FOR YOU.
A FEW DAYS LATER- ALONG COMES THE BLUEPRINT OF THE FLOOR PLAN- EVERYTHING WORKED OUT JUST THE WAY YOU WANT IT-
AND IT DIDN'T COST A CENT!!

Buying the Wet Vote

AFTER YOU WATER YOUR COWS AT AN OUTSIDE TANK DURING COLD WEATHER — AND THEY CROWD AROUND IT TRYING ALL AT ONE TIME TO GET A DRINK — AND SOME GO BACK TO THE BARN WITHOUT ONE BECAUSE OF THE ICE ON THE TANK — IT CAN'T ACCOMODATE THEM ALL —
IT'S TOO SLOW TO LET A FEW OUT AT A TIME TOO!
-AND YOU TRY CARRYING WATER TO THEM - BUT THAT'S SOME JOB BECAUSE A GOOD HEALTHY COW DRINKS FROM 15 TO 18 GALLONS A DAY—
— AND THEN YOU PUT IN "STAR" WATER BOWLS AND THE COWS WATER THEMSELVES AND HAVE FRESH - CLEAN WATER WHENEVER THEY WANT IT—
-AND BEST OF ALL — EVERY DAY YOUR 25 COWS GIVE AN EXTRA CAN OF MILK WHILE MILK PRICES ARE UP—
HOLD ON HENRY— HERE'S ANOTHER CAN!!
GOSH! AIN'T IT ENCOURAGIN?-!!!
